ESTABLISHED 1860

VOL. NO. 72

CAMERON, MILAM COUNTY, TEXAS, THURSDAY, AUGUST 17, 1933

NO. 17

WE DO OUR PART WHY YOU SHOULD VOTE FOR THE STATE RELIEF BOND AMENDMENT

More than one and a quarter million Texans are now living entirely from funds supplied by the Federal government in Washington.

Nearly a third more destitute Texans required Federal aid in July than in June.

Half of those now unemployed are not yet on the relief rolls. They will likely be the first ones to get their jobs back. Until they have been re-employed there will be just as many helpless Texans to be cared for as now.

In July we received more than two million dollars direct from Washington to feed hungry people in Texas. The payments average one million and a half a month.

If this amendment fails the Legislature cannot appropriate a single dollar to aid hungry and destitute families. No matter how many destitute there are, or how severe their condition, no Texas city or county can expect any outside aid in caring for them unless this bond issue is passed.

If the bond amendment to be submitted August 26th fails, it will be two years before it can possibly be voted on again. The constitution fixes that.

If the bonds are defeated we can expect no more funds from the Federal Government. If more than a million Texans are left without food for a single week, there will certainly be a distressing situation. When they find out that it will be two years before they can be relieved, the result will surely be disastrous.

The people are not voting bonds. If the amendment passes it will merely permit the Legislature to issue such bonds as are necessary.

Our Legislature is not wasteful. A constitutional amendment voted last year authorized the Legislature to expend a large sum of money to stage the Texas Centennial. Because of the distressed financial conditions they did not appropriate a dollar for this purpose.

If your vote on August 26th shows we do not want to help carry out the President's relief program, it might cause us to lose millions of dollars that would otherwise be spent in Texas under the Public Works Act. Texas must keep in step with the National Recovery program.

While Texans are generally opposed to state wide bonds, our citizens must place the lives of more than a million of their fellow residents above their dislike for state bonds.

No property tax can be levied to pay off these bonds. The Legislature saw to that in submitting the amendment.

Vote for the relief bond issue.

"Don't let a million Texans starve!"

KNIGHTS OF COLUMBUS PICNIC AT CALDWELL

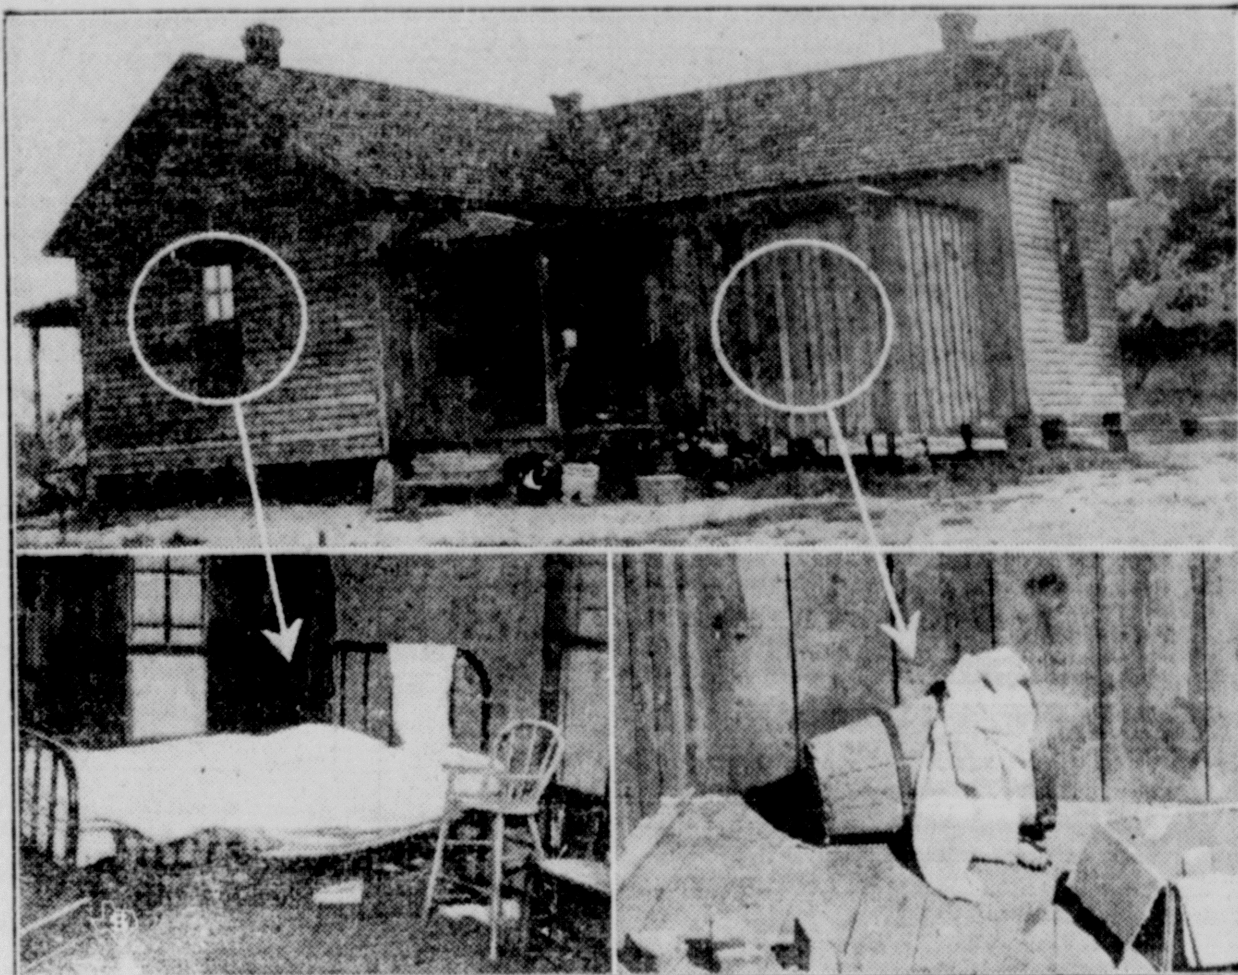

Officers and members of Cameron Council No. 2338 Knights of Columbus motored to Caldwell Sunday where a joint basket picnic was held with Bryan Council, and the resident members of Caldwell.

A large crowd assembled at Behrens Lake, where a social gathering was held with plenty of eats and watermelons. The Pioneer Band of Cameron furnished the music for the occasion.

The program was conducted by Rudolph Richter, lecturer of Cameron Council. Quite a large crowd was present from the three parishes.

Speeches were made by Monsignor Gleisner and others of the Clergy. B. P. Matocha of Cameron and Mr. Conner of Bryan.

Where Urschel Was Held in Remote Texas Farm House

The top photo is the tenant house on the R. G. Shannon farm, south of Paradise, Texas, in Wise county, where C. F. Urschel, millionaire Oklahoma City oil man, was held until \$199,620, the highest kidnap ransom ever collected, was paid. The left circle is the room in which Urschel slept at night, the arrow pointing to his bed. The right circle is the crib in which he was locked by day, the arrow pointing to a picture of the interior. The oil man remembered that an airplane flew over his prison every morning at 9:15 and every evening at 5:45, a fact which disclosed the whereabouts of the hideout.

Kidnappers and Where One Was Caught

Upper left is Harvey Bailey, notorious outlaw and escaped convict. Federal officers have proven conclusively that Bailey was one of two men who kidnapped C. F. Urschel, millionaire oil man, to collect the highest ransom ever paid, and also that he was the gunman who mowed down four officers and a convict in Kansas City. Bailey was captured while lying asleep on the cot pictured below, near the kitchen door of a Wise county (Texas) farmhouse. An officer thrust a machine gun in Bailey's mouth to awaken him. Upper right is George Kelley, the member of the gang who is still at large. A large sum of money, said to be part of the marked Urschel ransom, was found on Bailey, and Urschel's fingerprints were found all over the house.

CAMP GIVES SUMMARY PROPOSED AMENDMENTS

During the last several weeks I have had many requests for information on the National Recovery program and the proposed constitutional amendments to our State Federal Constitutions. I have considered for some time preparing a statement for the voters on these, and feel that it is my duty to pass what information I may have on to the voters of Milam County.

Before considering the constitutional amendments, I wish to say that I trust that each and every man, woman and child in Milam County will co-operate with the President and "DO HIS PART." It is our only hope, and without the unqualified co-operation and help of each of us the whole thing will fail, but with everyone doing his or her part, we will emerge victorious. And then to the American people will go more credit than the winning of the World War in 1918.

During the war years of 1916, 1917 and 1918 we did our best to win the war. Mothers and fathers gave their children, just in the prime of life, knowing that death or permanent injury was the probable reward. We all gave, gave and gave until it hurt, but with supreme courage, darkened only by fear of death and blood, we won a great

CHILD FATALLY BURNED BURIED HERE SUNDAY

James E. Ingram, 5, son of Mr. and Mrs. Abner Ingram, Jr., died Sunday morning, August 13 at two o'clock at a local hospital from burns received on Saturday morning.

The child fell into a tub of boiling water at the residence. The body was badly burned before the child could be rescued and injuries resulting could not be overcome despite the fact that immediate hospital treatment was given.

The funeral was held at Walker's Creek Sunday afternoon with interment in Walker's Creek cemetery. Little Abner was a bright happy boy, and will be sadly missed by those who knew him.

Out of town relatives to attend the funeral were: Mrs. Laura Mooncey of San Antonio, Mr. and Mrs. Clyde Riche of Brady, Mr. and Mrs. C. R. Ingram of Brady, Mr. and Mrs. Jack Ingram of Baileyville, Mr. and Mrs. D. Lange and Mr. and Mrs. J. K. Hart of Calvert.

CONFEDERATE CELEBRATES

J. L. Bailey of Cameron celebrated his 90th birthday Tuesday of this week. Mr. Bailey was born in England and has spent most of his life in Texas. He is a Confederate Veteran, enlisting from the state of Alabama. He is now making his home with his granddaughter in Cameron.

Part of Gang

Upper photo shows R. G. Shannon, left, reputable Wise county (Texas) farmer, at whose home Harvey Bailey, kidnapper of C. F. Urschel, was apprehended. His son, A. C. Shannon, is with him. Lower photo is Mrs. A. C. (Oleta) Shannon, left, and Mrs. R. G. Shannon. All are held in the Dallas county jail with Bailey.

Chas. Zidell Leases Temple Building and Will Leave Cameron

Chas. Zidell, owner of the Fair, exclusive ladies ready to wear store in Cameron, has leased a building in Temple and will move to that city on September first, he announces in a final sale in this issue of The Herald.

He is closing out his stock of merchandise, selling new season goods without the increase in price common to commodity price trends upward, and in addition is reducing the prices far below any level in recent months.

Mr. Zidell thanks his customers for the business they have given him and is saying good bye with a list of bargains eclipsing anything he has heretofore offered. This will be the last sale he will have in Cameron. Everything in the store is to be sacrificed. He must vacate the building by September first and will move to Temple.

J. B. Mayes Returns to Texas After 3 Years In New York City

J. B. Mayes, who has been with the New Yorker Hotel in New York City for the past two years, visited his mother, Mrs. Kittie B. Mayes of Maysfield Monday and Tuesday of this week.

Mr. Mayes was with the Buccaneer Hotel in Galveston four years ago, and from there he was sent to Hotel Brownwood at Brownwood, where he worked one year before leaving for New York City. After serving as income auditor for two years in the New Yorker Hotel, he resigned to accept a position as chief auditor at the Stephen F. Austin Hotel in Austin, resuming his duties Thursday.

FAILURE TO NAME CODE COMMITTEE IS HARMFUL

Failure on the part of the Chamber of Commerce to name a committee of five in accordance with the practice now in effect giving construction to the National Recovery Administration, co-operation with the President is said to have been delayed in Cameron.

Merchants, business men and employers of labor generally are anxious to co-operate with the NRA but in the main are not informed and have no immediate contact with authority upon which they can rely.

The blanket code adopted on August 1 will be effective until December 31, unless a code is adopted for the particular division of business you happen to be chartered under. Compliance with the blanket code of the NRA has been made by only a few of the business firms, due largely to confusion. All seem willing to co-operate.

It was pointed out Tuesday night at a meeting of the Commission on Relief and Rehabilitation that no committee had been named and due to this neglect the work of co-operation had been retarded.

Beginning the last week in August, it was said a check will begin by the Department of Commerce on all firms displaying the Blue Eagle. If they are not found meeting the conditions of the code the Eagle will be removed.

Opening a business house at a later hour and closing early defeats the code and is not authorized. Giving employees time off during the week so as to distribute their labor over the period of the week without employing additional help, is a violation of the code, according to General Johnson.

Each business firm will be required to set up a cost finding system and will be required to sell merchandise on a profitable basis and disastrous competition will be outlawed.

FUNERAL SERVICES HELD MRS. T. D. UNDERWOOD

Mrs. T. D. Underwood, 55, died Sunday evening August 13th at 9:30 o'clock. She attended a baptizing Sunday afternoon near Bryant Station at Little River, and was stricken while there and lived only a few hours.

She was born on March 13, 1878 at Florence, Texas, and lived in Texas all her life. She was a member of the Baptist church, and had lived a life full of devotion to her family and friends.

Funeral services were held at the First Baptist church Monday afternoon at 3:30 o'clock by Rev. Mr. Webb of Rogers. Interment was made in Reed's Lake cemetery near Rogers.

Pall bearers were: J. W. Haygood, Dr. James Watson, B. L. Archer, Raymond Sharpe, R. B. Rylander and E. C. Cole.

Honorary pall bearers were: R. L. Batte, S. E. Koepf, F. R. Dunlap and Joe Petrucci.

Mr. and Mrs. Albert Collins have moved into their new brick home on East 13th street. The home was completed last week and made ready for occupancy.

The home is modern in every detail and one of the most attractive in the city. They are being congratulated by their friends who wish for them much happiness in their new home.

Reunion Held For Newton Family With 48 Members Present For Program and Dinner

On Sunday, August 13 relatives of the Newton family representing 3 states, gathered in Maysfield for a reunion. Out of 52 members of the family 47 were present, including eleven children, eighteen grandchildren and five great-grandchildren.

The day began with services at the Maysfield Presbyterian church, of which the Rev. J. K. P. Newton was pastor years ago. The entire family entered the church and were seated in a body in the center tier of the building. The services were in charge of Dr. C. E. Newton, pastor of the First Presbyterian church, Pine Bluff, Arkansas. Mrs. Kittie

DARK PICTURE PAINTED IF RELIEF BONDS FAIL

Texas is at the cross roads with the fate of more than a million unemployed and destitute in the balance.

This was the picture painted by Rev. J. P. Love, Administrator, in a discussion of the proposed \$20,000,000 Relief Bond Issue to be voted on August 26, before a full committee of the Relief work in Milam county and members of the Commission on Rehabilitation and Employment Tuesday night.

Without exception precinct chairmen and relief directors will vote for the bond issue and will arrange meetings in their precincts for a discussion of the merits of the bonds.

The United States Government will send no more money to Texas unless the bonds are voted on August 26. Each state must match federal funds. If Texas people do not make provision for co-operating in the work of relief the entire problem of feeding destitute will fall to the lot of local communities and grave conditions are anticipated. Funds sufficient to take care of the relief work cannot be obtained locally. (See DARK PICTURE on page 4)

LANE THOMAS, PIONEER PIONEER, IS BURIED

Lane Thomas, 83, a pioneer citizen of Texas, died at his home in Cameron Saturday morning, August 12 at 9:10 o'clock after an illness of months.

The funeral was held Sunday afternoon at the home at 4:30 o'clock by Rev. J. E. Buttrill, pastor of the First Methodist church, with interment in Oak Hill cemetery.

Mr. Thomas was born in Brandon, Mississippi April 24, 1851 and came with his parents to Texas when a child and settled in West Texas. Later he returned to his native state. He was married to Miss Josie Lott in 1881, and subsequently returned to Texas and lived in the western part of the state. For a number of years he was a Texas Ranger and helped to make Texas history, having been in a number of thrilling events, which he often related to his friends.

He moved to Cameron where he had lived the past 33 years and engaged in stock raising for a number of years.

He was a loyal Mason and had been a member of the lodge since 21 years old, and held his membership in San Andres lodge No 170, Cameron. He was a loving husband and father and a loyal friend, and had been an outstanding man in his day.

The Masons had charge of the remains at the cemetery where Judge (See LANE THOMAS on page 4)

3086 BALES NEW COTTON RECEIVED IN CAMERON

Up to Wednesday night 3086 bales of new cotton had been received at the warehouses of the Cameron Compress Company.

This total is more than 2000 bales above the figure for the same period last year. Continued dry weather hastened the crop maturity this year. Recent rains are said to have been beneficial to late cotton.

A rise of \$2.50 a bale in price Thursday morning gave encouragement to planters and to business. The recent price decline was having a bad effect on business here and elsewhere.

Reunion Held For Newton Family With 48 Members Present For Program and Dinner

Newton Mayes had charge of the music for the services. La Dell Newton, who is serving at present as deacon of the church, received the offering.

After the services the family went to the home of Mrs. Kittie N. Mayes where dinner was served.

At the lace covered table in a spacious dining room was seated Mrs. Newton, widow of the late Rev. J. K. P. Newton, together with her three daughters and eight sons. The remainder of the guests were served on an adjoining porch. Significant of the "Newton Tribe" as (See REUNION on page 4)

Sheppard's Last Stand Against Repeal

Senator Morris Sheppard of Texarkana, Texas, author of the 18th amendment, is fighting the repeal of his brain child to the very end. He is pictured here at his microphones. Sheppard is traveling by truck all over Texas and his voice is amplified for the dry cause with complete sound equipment and loud speakers atop his truck. The picture was taken at Hico, Texas, where Sheppard spoke at the 51st Annual Reunion, a great celebration in that section.

El Paso Beauty

There may be a shortage of wild waves in the arid expanses of West Texas, but the beauties who are usually seen on beaches seem to thrive as much as in wetter places. Here is Miss Jane Keller who was recently judged the most beautiful bathing beauty in El Paso, Tex.

Mrs. Charles A. Lehmborg and son, Milton of Bartlett, were Sunday visitors in Cameron. Mrs. Lehmborg formerly lived here when her late husband, Rev. C. A. Lehmborg, was pastor of the First Methodist church. Their many friends were delighted to welcome their return visit. Mrs. Lehmborg was the guest of Mrs. Lena Baskin while here. They were accompanied by Miss Mildred Masengale who visited relatives.

Mrs. Edwin Bigbee and children, Beryl and Billie, stopped over in Cameron for a short while last week while en route to Temple where they are visiting her parents, Mr. and Mrs. Luke Zarr.

CHRISTIAN CHURCH

"What are Fundamentals?" will be the first subject to be taken up in a new series of Sunday night sermons "Fundamentals of Faith." This series will be a logical discussion of the things that really count in religion and in life. If you pride yourself upon your intellectual honesty (and if you don't you should) bring your mind and your conscience out next Sunday night at 8 P. M. on the Christian church lawn. Other topics to be discussed in this series are: "Why Believe in God?" "Why Believe the Bible is God's Word?" "Why Believe Jesus is God's Son?" Come and give the brain cells a little exercise.

The subject at the 11 o'clock morning worship service will be: "Endurance — a part of Salvation." —Ed S. Mace, Pastor.

Owing to the fact that I must pay cash for seed and labor each week, we positively can not credit anybody for hulls and meal. Please do not ask for it. If we owe you anything we will be glad to take care of your order. I regret not being able to carry these matters, but please do not force us to refuse.—Cameron Cotton Oil Company.

ly and without indulging the credit of the state there is no hope of avoiding hunger and suffering with possible uprisings.

Relief work was discussed in detail with a survey to see how much preparation has been made locally in the communities and how much money can be raised. Administrator Love asked precinct chairmen to begin case work on relief roll people. This is in preparation for the coming winter.

Possible re-employment through co-operation of the merchants and employers of labor was discussed. Chairman Weed of Rockdale discussed the working details of the National Recovery Act. It was urged that authority be set up in the towns to give merchants information and ask those who are already displaying the blue eagle to co-operate as they should and put people back to work. This would do much toward reducing the destitute this winter and is a part of the Presidential program.

B. & P. W. CLUB MEET

A no hostess meeting of the Business & Professional Women's Club was held at the City Park Tuesday evening with the president, Miss Ann Stallworth, presiding.

Answers to roll call offered a number of suggestions for activities by the club during the coming year.

A pleasant evening was spent followed with serving a picnic lunch.

PICNIC

The Friendly Bible Class of the Baptist Sunday school was entertained by Mrs. Jewel Westbrook and Mrs. Ella McLerran Monday evening. A picnic lunch was enjoyed by the class with a few invited guests that included: Mrs. Boyd Wells of Austin, guest of her parents, Mr. and Mrs. T. S. Henderson, Mrs. Wilson Gunz, Miss Ida Byrd Mayfield.

The hostess served dainty refreshments at the close of the games.

RECENT BRIDE HONORED

A miscellaneous shower was given by Miss Viola Sustek Monday afternoon at five o'clock on the lawn of her home honoring Mrs. Billie Kleypas, a recent bride who was formerly Miss Johnnie Reese.

Pink and green was the chosen color scheme, and featured zenias, crepe myrtle and graceful trailing queenswreath, making a garden effect of the lawn where guests assembled to honor a Cameron girl.

A toast to the bride was given by Miss Winona Slaughter. Miss Inez Slaughter sang a bridal song. At this time little Carolyn Brock and Master J. M. Holly came in drawing a small wagon decorated with pink crepe paper, and filled with many pretty and useful gifts which included linens, glassware and pantry edibles.

The hostess served a salad plate with punch. Each guest was presented with a corsage of crepe myrtle tied with a miniature ribbon of chosen colors.

Out of town guests were: Mrs. William Kleypas, mother of the bridegroom and daughter, Miss Bernadine Kleypas, Miss Katherine Jansing, Miss Jackie Volters, Odell Hoelscher of Westphalia, Miss Katherine McCown of Houston.

"Yimmie Yonson's Yob" a three act comedy with ten people in the cast will be presented this month, sponsored by Rev. Ed Mace, pastor of the Christian church. Mr. Mace has had much experience along this line of work, and this entertainment gives promise of much fun and entertainment.

38th Bone Broken

Although only ten years old Clinton White of Fort Worth, has had 38 bones broken. For the 28th time, he is now in a plaster cast at the Children's Hospital. His bones are so fragile that he breaks them by turning over in bed, bending over, or suffering the slightest fall or wrench. The last fracture happened when he stooped to pick up a piece of a cross word puzzle. Doctors say his bones are deficient in lime.

Relieves Women's Pains

Here is an example of how Cardui has helped thousands of women:

"I was very thin and pale," writes Mrs. F. H. Scott, of Roanoke, Va. "I suffered from weakness and a severe pain in my back. This pain unnerved me, and I did not care to go places, and felt worn, tired, day after day.

"My mother had taken Cardui, and on seeing my condition she advised me to try it. I have never regretted doing so. I took three bottles and it built me up. I gained in weight, my color was better and the pain left my back. I am stronger than I had been in some time."

Cardui, the purely vegetable medicine which so many women take and recommend, is sold by local druggists.

TO THE FARMERS

Several parties have told me that they were informed that I had taken the cleaning machinery out of our new gin on the old Round Bale Lot. This is absolutely and positively not true. The gin of one of my competitors here and mine are exact duplicates of each other. Each one has the exact machinery that the other has and will do as good work as any in Cameron. Neither has the advantage of the other as far as the machinery is concerned. I do not see how that this report could have been circulated by my gin competitors, for each of them knew better. I gin all of my own cotton on my gins, most of it on No. 2 gin, which does custom ginning also. I get as much or more for my cotton as anybody in the country, as any of the buyers will confirm.

Respectfully,
R. L. BATTE.

IN ANSWER TO A LADY'S LETTER

A lady writes to say that she does not understand why an 8-cylinder car does not cost more to run than a car with fewer cylinders. She refers to my statement that our Ford V-8 develops more power on a gallon of gas than any car we have made.

The use of 8-cylinders does not mean the addition of two or four extra fuel consumers. It is not, for example, a 4-cylinder engine multiplied by two. Our 8-cylinder engine takes the fuel supply of an ordinary 4-cylinder engine and divides it eight ways. And why?

By reducing four larger explosions into eight smaller ones, we get engine smoothness and quietness. Eight-cylinders indicate the way the gas is used, not the amount. It is just the difference between going upstairs in four long jumps or in eight ordinary steps.

Two things use up gas—bad engine design and useless car weight. Besides having an engine that gets a high percentage of power out of the fuel, the Ford V-8 has a light, strong body and chassis so that no power is wasted in moving excess weight.

The only extravagance about the new Ford V-8 engine is in the building of it. The extravagance is ours—the economy is yours.

The whole question of car economy needs clearing up. An economical car gives economy all round. Price, operation, upkeep, all play their part. If what you save on gas you lose elsewhere, that is not economy.

As to upkeep, our dealers say that in recent years the improved quality of Ford cars has cut down their repair business 50 per cent.

As to price with quality,—judge for yourself. As to economy, here is the record of a stock car three weeks out of shop in Oklahoma:

On a run of 10,054 miles at the rate of 1,000 miles a day—the Ford V-8 gave 18.8 miles per gallon of gas. Not a drop of water was added to the radiator. The oil was changed once in 1,000 miles.

That should answer a lot of questions.

HEFLEY - DOSSETT, INSURANCE

From The Mail Box

Cameron, Texas,
August 15, 1933.
The Cameron Herald,
Dear Sirs:

We are being very earnestly solicited to vote another huge bond issue. Now, this comes as a shock to us at this time. After the Democratic party, with its "New Deal," also repeal—plenty of beer and booze sweeping the country. We were told the booze business alone would put about one million men back to work and unload untold millions of cash upon the people. And the "New Deal" would put 5 or 6 million back to work by January 1, 1934. What means this plea? Does it mean that the "New Deal" and booze prosperity may fail? Property is not going to be taxed. What is going to be taxed? The masses? The poor? A sales tax? Make the R. F. C. fellow pay as much as any one, the fellow with a big family, the generally poor. Must he pay the same as the man with millions who buys little? But who and what is responsible for all this unemployment. "Labor-saving machinery." By 1928 there were about 4 million laborers out, displaced by labor-saving devices, etc. Shrewd men, traders, financiers, etc., saw the "handwriting on the wall" all over the world. Then came the crash.

They have continued to displace human labor with modern machines. There is no work of consequence now being done (public work) but what the machine interest get 75 per cent of the money. Consequently the army of unemployed steadily get larger from year to year.

If President Roosevelt should stop the use of all labor saving machines which have come in use in the last half century there would be the greatest stampede for help or human labor the world has ever known before Jan. 1, 1934.

We don't want to hark back to the "dark ages." We just want to be rea-

sonable—temperate in all things. We—as a people, as a nation, as a civilization, have become frenzied. Life has become a desperate whirl. No longer is "Necessity the mother of invention," for the world has not and does not need all the modern inventions. We are simply exploiting the universe, and now we are about to put over a scheme that is susceptible of great favoritism. Certain sections and projects may get the "lion's share."

Yes, the New Deal or any other deal will fail unless and until human labor gets back its place on the earth. The machine must be checked to suit the actual needs of humanity or humanity must perish from the earth. There is not work for both. Fewer hours of labor will not solve the problem. It is against God's law and will. Let the ones that are determined to use the machine in place of human labor take care of these displaces.

Respectfully,
J. A. Bailey.

RESOLUTION ON RELIEF BONDS ASKS PASSAGE

The following resolution was unanimously adopted at the Statewide mass meeting held last Friday in Austin at the call of the Governor:

WHEREAS, the Federal Government has in the recent several months carried the burden of caring for the hungry and destitute of Texas and at the present time caring for in excess of one million two hundred seventy thousand citizens of this state; and

WHEREAS, the Federal Government, cannot, will not, and should not be expected to continue to carry this burden if the people of the Empire State of Texas are not willing to carry their just share of this burden, and will cease to provide the needed funds immediately in the event the people of Texas do not vote favorably for the proposed constitutional amendment authorizing the issuance of emergency and relief work bonds on August 26th; and

WHEREAS, if the people of the Empire State of Texas do not on August 26th pass this amendment the entire burden of caring for the hungry and destitute of Texas will fall upon the already overburdened communities of this state with no possible means or plan of caring for them; and

WHEREAS, no people will survive or ought to survive who do not care for the hungry and provide for the destitute; and

WHEREAS, the emergency relief work as provided for in this proposed bond amendment is an integral part of the program of the President of the United States for the rehabilitation of this country;

NOW, THEREFORE, BE IT RESOLVED that this meeting, composed of representative citizens and taxpayers from all sections of Texas, go on record as unanimously endorsing the proposed relief amendment and call upon all good citizens who have faith in this state and a Christian regard for their duty to care for the needy and destitute, to rally to the support of the constitutional amendment on August 26th, to the end that Texas will not be found wanting.

Nagging Pains are WARNING SIGNALS

TEMPORARY pain relief remedies may save you much suffering at the moment, but putting a mask over a warning signal does not clear up the condition it was telling you to avoid.

When periodic pains, due to a weak, run-down condition, distress you, treatment for the cause of the trouble should be started without delay.

Take Cardui to build up against the nagging symptoms of ordinary womanly ailments. It has been in use for over 50 years. So many women praise CARDUI, it must be good to have the widespread use that it has today. Sold at drug stores.

GARNER PLEADS WITH TEXANS FOR REPEAL

Because it violates a fundamental principle of government and has not produced a satisfactory or effective solution of the temperance problem, Vice President John N. Garner calls upon the people of Texas to vote for the repeal of the Eighteenth amendment.

The Vice President's plea was contained in a letter addressed to Roy Miller, Texas Director of the Democratic National Campaign, and released from the Committee Headquarters here today. The letter in full follows:

In response to your inquiry as to my position concerning the Eighteenth Amendment, I beg to remind you that I voted against its submission when it was first presented to Congress because I believed it violated a fundamental principle of government. Since then I have availed myself of every opportunity to assist in bringing about its repeal.

In obedience to the platform of the last Democratic National Convention and on the first day of the session of Congress following, as Speaker, I submitted the question of repeal to a vote of the House of Representatives. I considered it my duty because the American people, by overwhelming vote, had ratified the party platform which demanded repeal.

That the Eighteenth amendment has not accomplished the results expected of it, even by its advocates all will agree. That it has not produced a satisfactory or effective solution of the temperance problem is the judgment of a vast majority of the people of this Republic.

I shall exercise my duty as a citizen on the 26th of August by voting to repeal the Eighteenth amendment and trust that every citizen of Texas likewise go to the polls and per-

form a similar duty. I especially urge my fellow democrats to thus support the party and its leadership.

Very cordially yours,
JOHN N. GARNER.

Killed by Wild Wheel at Auto Race

Miss Allie Mae Sherrill

Miss Madeline McMasters

A roar of speeding race cars, a flash of a wheel unloosed, screams from the crowd of spectators, and two Dallas girls were fatally injured. Both are now dead. The two girls, with another girl and a man, went to the night auto races in Dallas. The wheel came off of the speeding car and ran wild, striking the heads of the two girls pictured above. Miss Sherrill, 14, died in a short time. Miss McMasters, 21, lingered unconscious a week before she succumbed.

THIS new Pathfinder is a bigger value than the old Pathfinder. It has the bigger safety margin of FULL CENTER TRACTION — bigger mileage from the 20 PER CENT THICKER TREAD — stouter body of heat-resisting Supertwist Cord — and other improvements that make it a still better buy than the 17,000,000 Pathfinders that went before.

Look at the All-Weather values, also! This great thoroughbred — the finest tire that money can buy — waves an alluring price tag.

CAMP GIVES SUMMARY PROPOSED AMENDMENTS

(Continued from page 1)

victory. Today we have another great war to win, but the results we hope to achieve are so different. Today we must give, not of our youth, or our money, but of our time, sympathy and faith; give, give and give until it helps. Today we must have the same courage as in war times, only we know that our reward will be peace, happiness, self respect, and prosperity. Our attack is not on trenches filled with bayonets and guns, but on the soup kitchens and flop houses; we fear no crippled bodies, but we know that success will bring strong bodies, and our country will be restored to happiness.

We must have faith in our President and our government that we had in those troubled times. Congress has opened the door, President Roosevelt has blazed the way, we have General Johnson and the administration to guide and aid us, and now the task is on you, the people, to make the plan a success. Your merchants have signed the President's agreement and agreed to do their part. I ask you as a citizen to do your part, give your best to your employer, who is working with the president; spend your money with the merchant who is co-operating—"DO YOUR PART," and we will win.

In connection with the Recovery program I call your attention to the \$20,000,000 bond issue. Many say if the Recovery program works then we will not need the bonds. This, I think is true as to the ultimate results. But we must in some way care for the present and immediate future. We cannot expect the President's program to take care of all of our unemployed overnight. It will take time to put things in full swing. I give you what facts I have on this. This is not a vote directly on the issuance of these bonds, but you are only authorizing the Legislature to issue so much of the bonds as they may deem necessary up to \$20,000,000. These bonds are to draw 4 1-2 per cent interest, and to be repaid in 10 years. The amendment provides that no ad valorem tax shall ever be levied to pay off these bonds if issued by the Legislature, under the power given in the amendment carries. The amendment also provides that in case these bonds are issued no commission shall be paid for the sale thereof and that

Farm Woman Profits From Rug Making

Mrs. John Wood of the Skinnertown home demonstration club, Polk county, Texas, is pictured at her rug frame working on a hooked rug. Mrs. Wood has made hooked rugs, braided rugs and mats for less than a year. In six months she sold five hooked rugs, two braided wool rugs and three mats, which together with \$4 taken in prizes at fairs gave her a sum of \$49.79 for her work.

they must be sold at par value. I must admit that this proposed amendment has caused me more worry than all the others put together. When the question of submission of this amendment came before the Legislature I opposed it because of my campaign promises to oppose any and all measures tending to increase taxation. I now wonder if I was right or not?

Naturally the first thing that occurs to us is: can the State afford to shoulder this burden. Today Texas has bonds outstanding in the sum of \$4,102,200.00 of which \$306,400.00 is principal past due, plus interest past due in the sum of \$495,273.00. The total bonded debt of the State, Counties, Cities, School Districts, Etc., amounts to \$661,365,533.50. (figures taken from the Comptroller's report for 1933). These together with the current expenses of running our government are the causes of our high tax rates.

Up to the present time all the relief work in Texas has been done by the Federal Government, and has not cost Texas one cent. This amount has averaged more than \$1,500,000.00 per month. They have reported that there are 1,270,000 persons on the relief rolls in Texas today, and about 400,000 heads of families out of employment, who have been living on their savings, which are a-

bout exhausted, and many of whom will be on the relief rolls by winter.

Now as to details: The Federal Government appropriated \$500,000.00 to be spent in direct relief work. Half of this to be given by the Federal Government without any strings (this is where the Texas money has been coming from up to now). The other half is to be used to match state and local funds. Hon. Harry L. Hopkins, federal relief administrator, has stated that the states must help care for their unemployed and needy, and that the vote on the bond issue will determine if the people of Texas think such relief is necessary, and that if the bond issue fails the Federal administration will take it to mean that relief is not necessary, and all Federal aid in relief will be withdrawn.

I, like many of you, am against the principle and theory of the government attempting to care for charity, but we are faced with a reality now, and I remind you that in June this year, when the Federal funds were withdrawn for a few days, in some of our large cities we had near rioting. Those on the relief rolls, the hungry, congregated and all but stormed the headquarters. If the bond amendment fails to carry, the Federal funds are cut off and the 1,270,000 persons now obtaining their subsistence from the relief headquarters are left without food, and many without shelter. I dare not say what would happen. I am not trying to paint the picture black. I am merely giving you the actual facts. Vote as your judgment and conscience directs you.

I will take the vote of Milam County on this proposition as a direct mandate to me and when the legislature is convened in special session, I shall cast my vote accordingly. If you vote for the bond issue, I shall do so, as far as I think the situation demands. If you vote against the bond issue, I shall vote against it throughout.

The first proposition to appear on the ballot on August 26 will be the repeal of the 18th amendment to the Federal Constitution. You will not vote directly on the amendment, but will vote for delegates. There will be two lists of delegates, one for the ratification of the proposed amendment, the other against the ratification of the proposed amendment. The vote on this is similar to voting for President; you do not vote direct, but vote for the delegates who in turn cast the vote of the entire state. Before this amendment becomes effective it must be ratified by three fourths of the states (or 36 States). That is, three fourths of the States must vote for the repeal of the 18th amendment before it is repealed. If you desire to vote for the repeal of the 18th amendment, then vote for those delegates listed under the heading "For the Ratification of the above amendment." But if you

desire to vote for the retention of the 18th amendment, then you will vote for the delegates listed under the heading "Against the ratification of the above amendment." This perhaps seems a bit confusing, but before an amendment to our Federal Constitution can be repealed, we must pass a new amendment repealing the old one. Your vote on this has nothing to do with the state prohibition laws, and applies only to the prohibition provision of our Federal Constitution.

The second proposition to be voted on will be "The County Home Rule Amendment" to our state constitution. This will not affect the people of Milam county in any way. It provides that counties having over 62,000 inhabitants may by a vote of any such county, adopt a Home Rule Charter. It had the sanction of 28 out of 31 representatives from the large counties of Texas. The plan has been tried and found successful in many states in this country, and I personally feel that the citizens of the more populous counties are entitled to this privilege if they want it. The passage of this amendment will not force any change on anyone, but will merely give each of the large counties in Texas the right to adopt this form of local government if they so desire. It is their idea; let them try it, and then later if we of the smaller counties want the same thing we can have the amendment changed so as to include us. I personally urge each of you to vote for this amendment.

The third proposition to be voted on will be the bond issue discussed above.

The fourth proposition to be voted on will be the 3.2 beer amendment to our State Constitution. This is the proposed amendment to legalize the sale of 3.2 beer in Texas. Under our present Texas Constitution the sale of 3.2 beer is prohibited. The passage of this amendment will in no way affect the local option counties and precincts, etc. Our Commissioners Court has ordered a local option election for Milam county to be held on the same day as the general election. At that time you will vote on the sale of 3.2 beer in Milam County. Then if your precinct has voted for local option prior to the passage of our State prohibition laws, it will be necessary to have an election in such precinct before the sale of 3.2 beer will be legal. I call your attention to the fact that if this amendment is carried, the sale of liquor containing more than 3.2 per cent alcohol will still be illegal. On this I am not telling you how to vote, but am merely trying to give information.

The last amendment on the ballot is the one exempting the homestead from all state taxes up to the amount of \$3,000.00. This is made necessary by a mistake in writing the homestead exemption amendment voted on at the last general election. The amendment voted on at the last election failed to care for those counties where the state taxes had been remitted for some purpose or other. This amendment is merely corrective.

I urge that each of you go to the polls and exercise your right to vote. After all is said, this is your government, and it is only what you make it. Talk the several questions to be voted on over with your neighbor, get both views, and then make up your own mind as to what you think best, and vote your convictions.

I trust that I have made these amendments clear and that I have in a small way, perhaps, aided you in understanding them.

Sincerely,
EMORY B. CAMP,
Representative Milam
County, Texas.
